PROFESSIONAL SUMMARY

Automation Engineer with 3 years of experience delivering enterprise-scale intelligent automation using UiPath, Agentic AI and Microsoft Power Platforms. Migrated 200+ automations to Cloud Orchestrator, built the CI/CD pipeline six global teams deploy through, and cut $250K/year in bot licensing. Experienced across automation development, cloud migration, production support, governance, and enterprise transformation initiatives.

SKILLS

Intelligent Automation: UiPath Studio, RE Framework, Orchestrator, Automation Hub, UiPath Insights
Microsoft Platform: Power Apps, Power Automate, SharePoint, Outlook integrations
AI & OCR: Agentic AI, Document Understanding
Programming: Python, SQL, exception handling
Cloud & DevOps: Azure DevOps, Git, CI/CD, Windows Migration
Enterprise Tools: ServiceNow, Incident Management, Production Support, RCA, Knowledge Base governance

PROFESSIONAL EXPERIENCE

PepsiCo GBS India LLP Aug 2023-Present

Process Analytics and Automation Associate Analyst (RPA / Automation Engineer)

- Built the CI/CD pipeline six global teams now deploy through and migrated automation codebases from Orchestrator into Git. 450+ automations shipped through it, with deployment time per automation down from 30 minutes to 5.
- Owned cloud migration for an entire sector, moving 200+ automations off the legacy UiPath framework onto Windows-compatible framework and Cloud Orchestrator with zero disruption to business operations.
- Decommissioned 130+ underutilised bot licences through infrastructure optimisation, saving $250K annually.
- Onboarded six sector teams as a regional RPA team scaled into a Global Capability Centre, transitioning 80+ processes from build to sustain with full documentation and support readiness.
- Ran sustain for live automation products — proactive monitoring, incident resolution and break-fix, backed by UiPath Insights dashboards tracking logs, queues and exceptions in real time; authored the RCA template now used org-wide and 4 ServiceNow knowledge base articles.

KEY PROJETCS

- **R&D Samples Management System** — Built integrated intake and cross-border import/export workflows on Power Apps, Power Automate and UiPath; cut processing time 70%, manual communication 50%, and request turnaround 40%.
- **Employee Onboarding FSO Scheduler** — Automated 650+ monthly new-hire milestone events across UiPath, Power Platform, SharePoint and Outlook with weekend/holiday handling and real-time exception status; cut manual scheduling effort 70%. Awarded the PFNA CIO 2H 2023 Award.
- **Macro & Commodity Dashboard**— Orchestrated 27+ recurring reports from 10+ public and paid sources into the Procurement Intelligence Dashboard; 80% gain in reporting efficiency, manual data handling eliminated.

CERTIFICATIONS

- UiPath Certified Professional – Automation Developer Associate Certification
- UiPath Certified Professional – Automation Business Analyst Associate
- Power Platform Developer Associate – PL400
- Microsoft Azure Fundamentals – AZ-900

EDUCATION

Vellore Institute of Technology June 2019 – May 2023
Bachelor of Technology in Computer Science and Engineering Vellore, Tamil Nadu

AWARDS AND RECOGNITION

- PFNA CIO 2H 2023 Award ("Be Consumer Centric") for leading the FSO Scheduler automation.
- Bold & Better Award 2025, two-time recipient, for strategic and transformation impact.
- Smile Awards for infrastructure and server optimization and high-impact Knowledge Base authorship.
